### **How many pieces will I need?**

For estimating quantities, consider:

- Invitation wording – are guests invited for a snack or a meal
- Time of day – brunch, lunch, nibbles or dinner
- Time of year – include hot and hearty items in winter, include cold and light options in summer
- Guest list – friends and family tend to relax and eat more than a group who are unfamiliar with each other
- Space – guests will generally eat more in open spaces than in tight spaces where serving can be difficult.
